THE FELKER BUILDING

11931 West Bluemound Road

This award-winning 1,200-square-foot office building was designed to optimize the use of space while maintaining a sophisticated warmth and elegance. It featured three executive offices - one with a fireplace, a conference room with wet bar, a common support staff area, and ample parking. Located in Wauwatosa, Wisconsin, its leading-edge style provided prime office space for many years.
